OUR STORY

SAME TWO PEOPLE, A BRIGHTER TOMORROW

2019

The first hello

One coffee. One conversation. A beginning.

2021

Better together

City strolls, long talks and bigger dreams.

2023

A wider yes

Exploring the world side by side.

2026

Forever feels right

A question, a sunset, a thousand yeses.

DIFFERENT PLACES SAME US

They say the best love stories are not planned. Ours began with a conversation and grew in the moments that followed: a walk home, a shared song, a reason to stay a little longer.

From late-night talks to passport stamps, from everyday adventures to once-in-a-lifetime ones, we have always been better together. We learned how to make a home wherever we happened to be.

Through every season, in every city, we have chosen each other again and again. Now we get to choose each other forever, with our favorite people beside us.

The happiest memories are not always the biggest ones. They are Sunday breakfasts, missed trains that became adventures, and the familiar sound of a key in the door. Somewhere along the way, being together became our favorite place to be.

*Same two people.
A brighter tomorrow.*

HOW WE MET

SOME CONVERSATIONS CHANGE EVERYTHING

It was a warm spring afternoon at a neighborhood café, the kind that makes you believe in serendipity. Emma was travelling solo, armed with a guidebook and a love for good coffee. James was in town for work, with time to spare and a seat at the next table.

A conversation about gelato turned into a walking tour, which turned into dinner. Somewhere, the hours slipped away. There was an ease, a curiosity, a sense that this was not just a chance meeting.

We talked about everything: travel, family, dreams, the places we still wanted to see. What started as a simple hello became the beginning of our favorite adventure.

Looking back, it is hard to imagine a world where we did not meet that day. Sometimes the most ordinary moments lead to the most extraordinary things.
