OUR STORY

SOME PEOPLE MEET. WE FOUND A HOME.

From a chance meeting over coffee to a life filled with little adventures, our story has always been about choosing each other. One conversation became another, and soon the walk home was never quite long enough.

We have laughed a lot, travelled further than we ever expected, and weathered a few storms. Somehow, it just keeps getting better. Through every season, we have found the extraordinary in the ordinary, and a steadier kind of love in each other.

Now we get to make it official, and we could not be happier to celebrate this next chapter with you.

*Different chapters,
same us.*

A TIMELINE OF US

- **2019**
A first conversation.
- **2021**
Adventures began.
- **2023**
A home together.
- **2026**
You, me and forever.
- **2027**
The next chapter.

It hasn't always been perfect, but it has always been us. And that is the greatest thing we could ever ask for. Here's to all the chapters that brought us here, and the many more we will write together.

WITH LOVE

A MASSIVE THANK YOU FROM THE FUTURE MR & MRS

To our family and friends,

Thank you for being here. For the journeys you have made, the time you have given and the love you have brought with you. Having our favorite people together means more than we can put into words.

You have cheered us on, made us laugh and helped turn ordinary days into memories we will keep forever. Sharing this day with you means the world to us. Here is to laughter, good food and time together that we will always treasure.

Today is a celebration of us, but it is also a celebration of you and the part you have played in our lives.

We hope you leave with a full heart, a new memory and perhaps one more friend than you arrived with. Here is to this day, and to all the beautiful chapters still to come.

With all our love,

Emma & James
